**MAJOR GENERAL STEINER**  
**U. R. K. OF M. RE-ELECTED**

CLEVELAND, July 17.—Thousands of Knights of the Macabees are in Cleveland in attendance on the quadrennial review of the supreme tent, as the executive body of the order is known, and the annual encampment of the Uniform Rank.

At a business session of the Uniform Rank, today, Major General J. E. Steiner of Cleveland, for the last 10 years head of the uniform rank, was re-elected.

At the meeting of the supreme tent, tomorrow, a project to raise \$500,000 for the establishment of three homes for the widows and orphans of Macabees and for indigent members will be presented for action.

**COMMITTEE ADOPTS REPORT**

WASHINGTON, July 17.—A favorable report on the resolution of Representative Dent of Alabama arranging the state department's emergency account methods and recommending dismissal of Consul General W. H. Michael at Calcutta, and Disbursing Officer Thomas Morrison of the department, was adopted by the House committee on state department expenditures today.

The Dent resolution declares it to be the sense of the House that the state department had no right to take money from the emergency fund to pay for portraits of former secretaries of state and to reimburse the disbursements of Morrison and Michael because of their connection with the \$1,600 unaccounted for on a voucher for \$2,450 for a painting of former Secretary Day.

**MEETS HORRIBLE DEATH**

ST. PAUL, July 17.—Martin Casper, a foreman in the St. Paul Boiler and Manufacturing company, met a horrible death late this afternoon. He stepped too close to a rapidly revolving steel shaft and in half a second became caught in the spinning shaft. In a second he was being carried around and around as if on a wind-mill, his head striking a projecting beam with every revolution. When the machinery was stopped his clothes had been torn off and his head beaten to a pulp.

**How to Banish**  
**Wrinkles Quickly**

(From Guide to Beauty.)

If the average woman only knew it, it is not so difficult to preserve the youthful contour and velvety smooth complexion. Every woman hates to see her face wrinkled or baggy, and practically every one has experienced with some sort of patent remedy in the effort either to remove such condition or ward it off.

As a matter of fact, the most effective remedy in the world is one that any woman can easily make up herself at home. In a moment's time, let her take one ounce of pure powdered axolote, which she can purchase at any drug store, and dissolve it in a half pint of witch hazel. Apply this refreshing solution to the face every day. The results are surprising and instantaneous. Even after the very first application a marked improvement is apparent. The wrinkles are less in evidence and the face has a comfortable, snug feeling of firmness. It is most delightful.

(Continued From Page One.)

Yesterday by city officials, that the proposition to pave the entire space between the rails with brick will not be accepted.

**Mayor Opposed.**

"I am opposed to the plan," said the Mayor, "I am in favor of a 12-inch header along the rails, of either brick or stone block, which the engineers recommend."

"If the matter comes up of paving the entire space between the rails with brick or other material that does not conform to the material used on the streets, I will not be in favor of it," declared Commissioner Frost.

Commissioner Lawton was non-committal. When asked if he favors permitting brick from rail to rail, he replied that he had not said so, asked to make a statement as to what he was in favor of, he said he did not care to do so. Commissioners Himebaugh and Whitaker could not be located last night, but the opinion is they will both oppose a brick surface between the rails.

The resolution which the Council proposes to pass without amendment contains a clause which reads: "Provided, that said company agrees to do said paving according to the plans and specifications adopted by the Council and under the supervision and direction of the city engineer, said paving to conform in all particulars to the paving which shall be made in the streets and avenues within said paving district, said paving to be laid at the time of the laying of the pavement abutting on the tracks of said company."

The resolution also grants a petition of property owners on North Cascade avenue, from Pikes Peak to Platte, and of owners on Platte between Cascade and Nevada, to adopt center parking instead of paving. It also allows a petition of property owners on East Pikes Peak, between Nevada and the Santa Fe tracks, asking for solid paving instead of part parking and part paving, and orders the avenue east on the railroad right-of-way paved. All other protests that have been made against the city's plans and specifications to pave are overruled.

**NEW PLAN FOR ST. PAUL**

WASHINGTON, July 17.—That Louisiana sugar planters and independent refiners fear the American Sugar Refining company, was declared today by J. E. Burguliers, president of the Louisiana Planters association before the House sugar trust committee. He testified that reduction of the sugar tariff would ruin the Louisiana sugar industry.

"I can't get independent refiners to come to Louisiana and bid on our sugar," he said. "They say they will not come into our field but will buy our sugar if we get it into their market."

"They gave no satisfactory reason therefor, but I made my own deductions—that the independent refiners regard Louisiana as American Sugar Refining company territory and refused to enter that territory for fear they will precipitate trouble for themselves with the trust. They have stayed away ever since we got into trouble with the trust for selling to outsiders several years ago."

"I predict a crop of 1,000,000 tons of sugar a year in Louisiana and Texas within a few years. If the sugar tariff is cut in half it would immediately annihilate the sugar industry of Louisiana and affect the prosperity of more than 2,000,000 people."

**OVER PEACE MOVEMENT**

BOSTON, July 17.—A copy of the peace resolutions recently adopted by the Japanese mission of the American board of commissioners of foreign relations at its thirty-ninth annual meeting was received at the headquarters of the American board today.

The resolutions, after declaring the belief of the members of the Japanese mission that "the government and the people of Japan hold the United States in warm regard," and that the "sovereignty and the people of the United States cherish warm admiration of Japan," express satisfaction over the growing peace movement in Japan and over the suggestion of an unlimited arbitration treaty between the United States and Japan.

NEW YORK, July 17.—Notwithstanding that an attack by a fleet of 17 battleships is impending, with only cruisers, torpedo and submarine craft for defense, New Yorkers slept soundly tonight, unmindful of the morrow's midnight, when the declaration of military war on the city goes into effect.

During the day there came reports of the assembling of warships near Gardiners bay, at the eastern extremity of Long Island, where the defensive flotilla has established a blockade of New York's "back door" and of the enemy's secret rendezvous not far out at sea.

The attacking fleet of "Blues," under Rear Admiral Osterhaus, is made up, in addition to the regular battleship crews, of 1,216 militiamen from Maine, Rhode Island, Connecticut, New York, District of Columbia, Pennsylvania and South Carolina, scattered among the ships of the fleet. The sham battle is to be fought at any time within the two days, beginning at midnight tomorrow. The defensive officers were getting in line tonight in Gardiners bay, where the service pennant of Capt. A. H. Davis, U. S. N., commander of the Atlantic coast naval militia, flies from the cruiser Chicago.

Assistant Secretary of the Navy Winthrop will view the maneuvers from the Chicago. Capt. Davis' fleet will co-operate on the defensive side with the Atlantic torpedo flotilla, under Commander Eberle. The "enemy" will seek to penetrate a defensive line drawn from Montauk point, to Block Island, thence to No Man's land.

Should the ships pass without the "red," or defensive, fleet, getting in range at night, or being able to concentrate on them during the day, the victory goes to the "enemy."

FARGO, N. D., July 17.—"Chacama," a baboon being exhibited with the interstate fair here this afternoon, escaped from his cage and caused a panic among the hundreds of persons on the grounds. On making his escape, he made for a church booth, where he seized one of the small girls and threw her to the ground, dislodging her no injury. He then returned to the tables in the place and proceeded to the roof. Here he tore off shingles, drove away four carpenters and then came down and made for the country. He was captured by armed keepers in an automobile, after a two-mile chase.

**To Call on Gov. Smith**  
**of Georgia to Resign**

ATLANTA, Ga., July 17.—In a resolution in the house of representatives, tomorrow, Governor Hoke Smith will be called upon to resign as governor and proceed to Washington to assume the duties of United States senator and give Georgia her full representation. The resolution has been prepared by Representatives Ragdale and Scott.

WASHINGTON, July 17.—Senator Terrell, of Georgia, ceased to be a member of the United States Senate at 11:20 a. m. today. Acting on his telegraphic request to Vice President Sherman this morning the Senate ordered Mr. Terrell's name be stricken from the roll of the Senate, leaving his seat vacant until Governor Hoke Smith qualifies as his successor.

Senator Terrell's telegram read: "My successor as United States senator was elected by the legislature of Georgia last Wednesday. It is my opinion that this election terminated my term of office but to remove all doubt I sent my resignation last Friday to Governor Smith and mailed a copy of the same. This resignation is irrevocable and I have notified Governor Smith. I will be glad for you to instruct the secretary to strike my name from the roll of senators."

WASHINGTON, July 17.—The part officials of the Edward Hines Lumber company took in the election of William Lorimer to the Senate claimed attention today at the investigation by the Senate Lorimer committee. William Burgess, an electrical contractor of Duluth, Minn., testified that C. F. Wiehe, secretary of the Edward Hines Lumber company, remarked to him last March that he had subscribed \$10,000 to a "jackpot" to elect Lorimer.

Herman H. Hettler, president of the Edward Hines Lumber company of Chicago, a rival of the Hines Lumber company, testified that on the day of the election Hines said to him that he personally had elected Lorimer. On the other hand, Henry Turriah, another business man of Duluth, Minn., failed to hear out the testimony of Wirt H. Cook, a business associate of Lorimer, for the time being said that about the time of Lorimer's election that "old Stephenson" (meaning Senator Stephenson of Wisconsin, so Cook believed), "after I elected him was working for free lumber," and that the southern Democrats fluctuated in their attitude. Turriah said he remembered nothing about the southern Democrats, but heard Hines say that Stephenson was undecided.

In the testimony of Mr. Burgess the name of a priest, Father Green, was brought into the case as having received a confession from a detective that the detective was employed by a Chicago newspaper to gather "trumped-up charges against Lorimer."

Tomorrow it is expected that James Keeler, editor of the Chicago Tribune, will testify.

**Illinois City Proposes**  
**Stringent Liquor Bill**

SPRINGFIELD, Ill., July 17.—One of the most stringent measures yet considered under the commission form of government here was introduced today to regulate the liquor traffic. The ordinance introduced by Commissioner H. B. Davidson provides among other things:

"No stationary screens, only portable screens six feet in height and five feet wide to be permitted at the front end of the bars; doors and windows must be clear transparent glass with the interior of the saloon visible from the street; saloon keepers must submit a drawing of the premises; no gambling permitted; no saloons to be within one hundred feet of a church, park or library; bartenders must be licensed; there must be no barmaids; no lewd women in any saloon; wholesale liquor dealers must close places of business on Sunday.

No restriction is made as to the Sunday saloon.

The ordinance will be voted upon by the commission Monday and probably will be adopted.

**NEW RUSSIAN AMBASSADOR**

ST. PETERSBURG, July 17.—The foreign office today confirmed the report that Baron Rosen would not return to his post as Russian ambassador at Washington. George Bakmeteff is the nominee now in view of the American mission, but this appointment, like other diplomatic changes, will await the return in the fall of Foreign Minister Sazanov, who is now in the Vosges region in search of health. Bakmeteff was formerly ambassador to Japan and still earlier minister at The Hague and Russian diplomat agent in Bulgaria. Baron Rosen will probably be given a seat in the council of the empire.

They know the lords are going to have their wings clipped, but are indifferent to the details. Even the chamber, whose future is at stake has seldom mustered more than two hours' debate, and frequently the attendance has dropped to a mere handful.

It is Lord Morley's desire to have the lords peer vote with the adherents of Lansdowne to support the third reading, because if the bill is rejected it would necessitate an autumn session of the house of commons to pass the veto bill again through the necessary stages to return it to the lords.

A group of extremist peers, estimated at from 50 to 80, is sworn to fight the bill to the last ditch and if it came to a fight between them and the liberals, the former would have a chance of winning.

Lord Morley's unusual appeal was attributed by politicians to a threat to reject the bill. A flurry spread in political circles for a few hours but was succeeded by comparative calm.

The best opinion late tonight is that the lords will return the amended bill to the house on Thursday and give Premier Asquith an opportunity to show his hand when the house takes it up Monday and that the premier will announce that the government refuses to accept the amendments and will if necessary call on the king to create new peers. Then a final struggle will come between the two factions of the conservative lords—the standpaters and those who believe the lesser of the evils will be to swallow the bill, with the expressed declaration that the conservatives will repeat it when they return to power. By accepting the bill they can save

off home rule for two years; by rejecting it they put the liberals in a position to adopt all the extremists' scheme of legislation without delay.

Meanwhile there is no doubt the government has made up its list of possible peers, the number of them, according to the latest belief, by 350.

The most remarkable feature of the revolution which is going on is the small interest the country at large displays. The people have been kept at a high pitch by two elections, the coronation and the campaign against the lords for so long a time that no capacity is left for further excitement.

## Al Good Saves Child From Probable Death

Al Good, of the Pioneer Euro barn,  
has proved that he can do "stunts"  
similar to the story book kind. A  
little child got off the wrong side of  
a westbound street car in front of the  
postoffice yesterday morning. Just as  
an eastbound car was coming down  
the hill at great speed. The motor-  
man was unable to stop the car, which  
was carrying a trailer, and Good  
rushed in front of the car, seized the  
child and landed safely on the other  
side of the tracks just in time.

## OKLAHOMANS ORGANIZE

The Oklahoma tourists in this region  
organized the Oklahoma club at a re-  
cent meeting in Soda Springs park,  
choosing the Navajo geyser pavilion  
as headquarters. C. M. Crawford was  
elected president and Mrs. J. F.  
Shark, secretary. The entertainment  
committee consists of W. H. Corley  
of El Reno, Mrs. J. A. Starkey of  
Enid, Mrs. J. Sigman of Chickasha,  
Miss Kate Tracey of Oklahoma City,  
Miss Sue Wilson of Mayaville and H.  
E. Roberts of Oklahoma City. It met  
yesterday afternoon and planned a  
picnic to be held in Stratton park  
Thursday, July 27. The club will leave  
early in the morning, taking well-  
filled baskets to spend the day.  
Amusement for the evening will  
probably be planned.

## SPRAINS ANKLE

Mrs. Elizabeth Martin of Wichita,  
Kan., is suffering from a severely  
sprained ankle as a result of a fall  
yesterday morning. Mrs. Martin was  
coming down the steps from the sec-  
ond floor of the Cog road depot to  
board the train for the Peak, when  
her ankle turned. Dr. Ogilbee dressed  
the sprain.

## CUNNINGHAM ARRESTED

W. H. Cunningham, a hackman, was  
arrested yesterday morning upon a  
warrant sworn out by H. L. Anderson,  
proprietor of Anderson's Carriage and  
Auto stand, charged with using of-  
fensive language and threatening him.  
He was brought up in police court  
and gave bond to appear at 10 o'clock  
tomorrow morning.

## MANITOU NOTES

Visitors—For cleaning and pressing,  
see Stock's, opposite postoffice.

Albert Barrette left yesterday for his  
home in Baltimore.

Charles S. Ford of Denver is reg-  
istered at the Navajo hotel.

Dr. and Mrs. W. H. Bennet of Chi-  
cago are registered at the Cliff house.

Mr. and Mrs. W. N. Stowe of Gal-  
veston, Tex., are guests at the Man-  
sions.

Miss Oro Wood and Miss Rose Mills  
of Wichita, Kan., are at the Ruxton  
hotel for the summer.

Miss WeMott of Denver, who has  
had a cottage on Manitou avenue for  
the last six weeks, has returned to  
her home.

A regular meeting of the town board  
will be held tonight, to consider ad-  
ditional applications for carriage and  
automobile licenses.

H. P. Meese of Pittsburg, Pa., who  
has won several prizes for essays on  
the woman's suffrage question, is here  
getting data on the subject.

Mrs. M. Barrette and son, Lawrence,  
expect Mrs. J. F. Stokes and Mrs. P.  
F. Reynolds of Denver to arrive today  
to spend the rest of the summer.

The same John Jones who was re-  
cently fined \$5 and costs in police  
court for being drunk, was taxed  
double that amount by Magistrate  
Sawin yesterday morning for the same  
offense.

A moonlight excursion to Crystal  
park was recently given by Colonel  
Corcoran of Washington, D. C., to a  
number of friends who are fellow  
guests at the Cliff house. Lunch was  
served during the evening. Follow-

# Renewing Complexions By Absorption

If your complexion is marred with  
blotches, moth patches, pimples, or  
freckles, it's useless to putter with  
powders and paint. Put on cream  
and things in an effort to get rid of  
the trouble. Unless you have some  
ability as an artist you'll mar your ap-  
pearance still more.

The new and rational way is to  
take off the complexion itself with all  
its offensive marks. Just get an ounce  
of pure mercurized wax at the drug-  
gist's and use at night same as cold  
cream. Remove next morning with  
water and soap, following with dash  
of cold water. The mercurized wax  
absorbs the half-dead skin in  
flaky particles, so gradually no one  
guesses you're treating your face—un-  
less it be by the result which is truly  
wonderful. There's nothing like it for  
restoring a natural, healthy and beau-  
tiful complexion.—Aunt Sally.

San Francisco, of the Manitou Fuel  
company, sued J. Bloom of Denver,  
who is here for the summer, for \$390,  
the amount of an unpaid coal bill. In  
Justice McParland's court yesterday  
morning, Bloom failed to appear and  
judgment was granted.

Oro Cornican, a 9-year-old young-  
ster, walked from Manitou to the  
summit of Pikes Peak yesterday.  
Young Cornican, who is the son of  
Mr. and Mrs. A. S. Cornican, of Colo-  
rado Springs made the trip with his  
father and two other men.

At a meeting of the entertainment  
committee of the Texas club at the

afternoon, a picnic was planned to be  
held in Stratton park Friday, the  
members going early in the morning  
and returning late in the afternoon.

Intimate That Will of Late John  
Ashenfelter Was Either Secreted  
or Destroyed.

**OURAY, Colo., July 17.**—That the  
late John Ashenfelter, known through-  
out the Rocky mountain region as the  
"freighter of the San Juan," who died  
a year ago, leaving an estate valued  
at from \$250,000 to \$500,000, left a will  
which has, for purposes benefiting cer-  
tain heirs, either been lost, secreted or  
destroyed, is the charge made in a  
petition in the county court of Ouray  
county by the sisters and other rela-  
tives.

Immediately after Ashenfelter died  
it was announced that he had left no  
will, and that one he made several  
years ago had been destroyed by him  
and his valuable estate would go to his  
second wife, Mrs. Amella Ashenfelter,  
and his adopted daughter, Mrs. Kath-  
erine Hurley Ashenfelter.

Declaring that they had seen a copy  
of their brother's will, and claiming  
that it contained full and explicit di-  
rections for the payment of legacies to  
them, as well as other relatives, the  
sisters of Ashenfelter began a search  
for the missing document. Up to date  
it has not been found.

Mrs. Ashenfelter was the widow of  
a Montrose county ranchman named  
Hurley when she married Ashenfelter  
several years ago. She had two daugh-  
ters by Hurley, one of whom, Kath-  
erine, was legally adopted by Ashen-  
felter after he had married her  
mother. The other daughter is mar-  
ried and lives in Montrose county.

The petition filed by the sisters,  
whose names are Mrs. C. O. Snarr and  
Mrs. C. H. Rowley, both of Ouray, is  
for themselves and eight or 10 other  
heirs, one of whom is Henry Ashen-  
felter, a brother, who lives in Idaho.

**EARTH SHOCKS IN HUNGARY**  
BUDAPEST, Hungary, July 17.—  
There was a recurrence of severe earth  
shocks in the Meerkemet district, 50

# W. K. N. B. A. T. E. REPUBLICAN

Direct Legislative League Against  
Features of the Carpenter  
Irrigation Bill.

At a meeting last night of the Colo-  
rado Springs division of the Colorado  
Direct Legislative league, held in the  
rooms of the league at 700 Exchange  
National bank building, a discussion  
of bills to be referred at the next gen-  
eral state election was held, and the  
much-talked-of Carpenter irrigation  
bill was brought up. George Eisler,  
representative of the league in Den-  
ver, explained why the organization  
has endorsed the plans to refer cer-  
tain portions of this bill and to put  
before the people immediately the nec-  
essary petition.

The bill concerns directly and only  
the league claims, the farmers of the  
state who, above all, are interested in  
irrigation and the free use of trench-  
Carpenter's bill, shoozles, they claim,  
in the first place on account of a cer-  
tain paragraph, has been made even  
more so by an amendment added  
through the efforts of Senator Parrish.  
The amendment contains one clause  
they brand as "obnoxious and vicious,"  
and to the end of having both these  
killed, they are bending all their ef-  
forts. Throughout the state petitions  
have been in circulation for five days,  
but in this region none was put out for  
the signatures of voters till after last  
night's meeting. Today they are pass-  
ing the rounds and are being consid-  
ered.

When the Carpenter bill was first  
brought to the attention of the public  
it was seized by the Direct Legislative  
organization and thought to be objec-  
tionable. The committee appointed to  
investigate heard both sides of the case  
and reported to the league that the  
objectionable clauses should be re-  
moved. This committee is composed  
of W. R. Callicotte, John A. Rush, E. P.  
Costigan, George Eisler and I. N. Stev-  
ens.

**To Protect Farmers.**  
Primarily, the claim is, the farmers  
will be protected by the referendum  
proceedings, whereas if the law stands,  
the "water trust" is aided.

By merely issuing the petitions  
quoting the objectionable features and  
not the entire bill, with its necessary  
publication in a paper in each county,  
the people are further saved approxi-  
mately \$9,000, according to the league.

Following are the two clauses that  
are deemed objectionable:  
In the original Carpenter bill—"The  
owners of reservoirs of reservoirs  
shall not have the right to impound any  
water in such reservoirs during the  
time that such water is required in  
senior ditches for immediate use for  
direct irrigation, or for storage in  
reservoirs holding senior rights."

The objectionable part of the Parrish  
amendment—"No such headgate shall  
be deemed complete until provided with  
suitable lock or locks and fastenings  
thereof and the keys thereof deliv-  
ered to the water commissioner of the  
district, who shall have control thereof  
during the seasons of the distribution  
of water."

The rest of the law, which is num-  
bered senate bill No. 134, will go into  
effect unopposed August 4, as pro-  
vided by the statutes, but the two parts  
that are to be referred will be held in  
abeyance until after the next general  
election, if enough signatures are se-  
cured to that effect.

# STARS IN THE LINE OF THE WEST

**WASHINGTON, July 17.**—The cen-  
ter of population of the United States  
is four and a half miles south of  
Unionville, Monroe county, Indiana,  
according to a census bureau an-  
nouncement today. Since 1900, when  
it was six miles southeast of Colum-  
bus, Ind., it has moved 31 miles west-  
ward and seven-tenths of a mile  
northward.

The westward movement was more  
than twice that of the 1890-1900  
decade. This acceleration is attributed  
by the census officials principally to  
the growth of the Pacific and south-  
western states.

The geographical center of the  
United States is in northern Kansas,  
so that the center of population, there-  
fore, is about 550 miles east of the  
geographical center.

## News of Local Courts

Morris Oldham, colored, charged with assaulting his wife at 417 South Sierra Madre street, yesterday, will be tried in Justice Gowdy's court Thursday morning. It is alleged that Morris threatened to shoot his wife with a rifle. Morris was arrested at his home by Chief of Police Armstrong and the gun taken from him.

William Nagel, formerly a patrolman, was fined \$5 and costs in police court yesterday on a charge of resisting an officer. It is alleged that Nagel caused a disturbance by loud talking on the streets. He was taken to headquarters by Officer McDermott.

Motions to make the complaints more specific in the separate actions of E. A. Ogden and Charles M. Auden against the Colorado Springs and Interurban Railway company were filed by the defendants in the district court yesterday. Ogden and Auden have each sued the company for \$5,000 damages, alleging that they were beaten by a conductor and put off a street car between Colorado Springs and Manitou on January 24 last.

The Assurance Saving and Loan association filed a money demand suit in the district court yesterday against Clarence F. Hays, Christine Hays and Ira Harris, trustees. On June 13, 1907, it is alleged, Clarence F. Hays and Christine Hays gave a promissory note for \$350, payable within 100 months from date, with interest. To secure payment of the sum and interest, it is said, Hays executed a trust deed in which Harris was named as trustee. It is alleged that only \$10.50 has been paid, and judgment is asked for \$339.50 and interest from July 15, 1908. Harris, named as one of the defendants, is attorney for the plaintiffs.

Guy Bayes, charged with issuing a fraudulent check for \$17, was given a preliminary hearing in Justice Gowdy's court yesterday. He pleaded not guilty and will be tried today.

The Western Creamery company filed suit in the district court yesterday against the Sanitary Dairy company asking for \$500 damages and an injunction restraining it from using the trademark, "Star and Crescent" butter. It is alleged that in May last the plaintiff purchased the business of the Star and Crescent Creamery company, together with its goodwill, trademark, etc., and that it has the exclusive right

to use the trademark. It is claimed that the Sanitary company is using it, and to the plaintiff's injury.

## WHAT'S THE USE

Of coming all the way to Colorado and not seeing the grandest part of it. There is nothing on this continent to equal "The Cripple Creek trip."

## Depth and Fun

ALICE B. THURLOW, for a long time a resident of Colorado Springs prior to her departure for the east several years ago, died at her home in White Plains, N. Y., June 30, according to word received here yesterday. She owned the building occupied by the Keweenaw drug store on East Pikes Peak avenue and also property on East Williamette avenue, this city.

The similarity in names caused a report to be published yesterday afternoon of the death of Mrs. Alice Thurlow, wife of Charles Thurlow, and not related to Alice B. Thurlow. Mr. and Mrs. Thurlow and their family are in good health and are living at Newburyport, Mass. They were residents of Colorado Springs for more than 30 years. Mr. Thurlow was a member of the well-known local realty firm of Thurlow, Hutton & Williams, which was later succeeded by the Colorado Investment and Realty company.

## ORPHEUS FALES DIES

Orpheus Fales, aged 66 years, a wealthy resident of Eureka, Kan., who was injured by stepping from a moving street car in Colorado City last Friday night, died at St. Francis hospital yesterday. The body will be taken to his home today. No inquest will be held.

The funeral of Michael Reilly, who died at his home, 400 South Sixth street, Colorado City, Sunday morning, will be held from St. Mary's church, that city, this morning, at 9 o'clock, the Rev. Father Braker officiating. Interment will be in Fairview cemetery.

The funeral of Peter O. Weston, aged 66 years, who died at the home of his sister, Mrs. Anna Johnson, 1211 East Boulder street, Sunday afternoon, will be held from Hallett & Baker's undertaking rooms at 2 p. m. today. Interment will be in Evergreen cemetery.

Restore Faded and Gray Hair to Natural Color Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect. Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Pikes Peak Pharmacy Co., Colorado Springs, Drug Co.

## Societies and Clubs

Mrs. Rodda's district of the First Presbyterian church will hold a meeting with Mrs. E. C. Shelden, 321 West Kiowa street, tomorrow afternoon at 2:30 o'clock. A full attendance of the members is requested.

Mrs. L. A. Fox, 319 South Cascade avenue, will entertain the Ladies of the Maccabees of the World this afternoon. All members are invited.

It was an interesting performance Theodore Lorch gave at the Opera House last night in Clyde Fitch's "The City," which will be repeated at the Opera House tonight, tomorrow night and night and Thursday night. Mr. Lorch has in "The City" he has reached his climax in such characterizations.

## LORCH STUDIES DOPE FIEND

"When I first read Fitch's 'The City' I made up my mind that I would some day act the role of George Hannock, the dope fiend," said Theodore Lorch last evening. "When 'The City' was first produced in New York I was greatly interested in the newspaper accounts of the work of Marshall Tully in this character. I immediately sent to my New York representatives for the drama but as it was still running in New York I could not secure it for stock. In fact I could not even get a copy of the play to read, so carefully do the managers guard their new successes. Finally, however, about six weeks ago I think, my eastern representatives wired me that 'The City' was released for stock. I could scarcely sleep until I got the manuscript in my own hands and read what I believed would be the greatest role I have ever played. Tonight, I am acting it. I am as happy as a two-year-old child. It is one more ambition of my life realized."

"How did I go about my study of the character? Well there are various ways an actor studies a role. Having played Sherlock Holmes I was fairly familiar with the habits of the dope fiend, but Sherlock Holmes has a stronger character than Hannock. One of the greatest helps I had in acting this part was the close, intimate study of several dope fiends in a local prison. It is a fascinating study, this study of real life, and the actor's

Andrew J. James of 707 North Weber street, is still missing. The circumstances that surround his disappearance more than three weeks ago, when he set out on a prospecting trip to Black Mountain, about 25 miles southwest of Colorado Springs, are so peculiar that the sheriff's office will take up the search for him today.

## RECOVER BODIES OF VICTIMS

DUBOIS, Pa., July 17.—The bodies of the 21 victims of the explosion in the shaft of the Cascade Coal and Coke company, at Sycamore, were brought to the surface today. The large crowd dispersed and there was no excitement about the mouth of the pit. The bodies were not burned and it is quite evident that they died as the result of after damp. G. A. Burrell, the chemist with the bureau of mines car from Pittsburgh, took a quantity of blood from the body of each victim and will analyze it for the purpose of detecting the number of clues and his position and the number meeting death by after damp.

## ARRESTED IN LONDON

ST. LOUIS, July 17.—Charles Connors and Daniel Callahan, under federal indictment on a charge of robbing a substitution postoffice, were brought to the surface today. The large crowd dispersed and there was no excitement about the mouth of the pit. The bodies were not burned and it is quite evident that they died as the result of after damp. G. A. Burrell, the chemist with the bureau of mines car from Pittsburgh, took a quantity of blood from the body of each victim and will analyze it for the purpose of detecting the number of clues and his position and the number meeting death by after damp.

Connors and Callahan are also wanted in Chicago on a charge of being two of the five men who obtained \$32,000 in diamonds in a daylight robbery of the store of Edward Alberti, a few days after the postoffice robbery here.

It is to project on the stage what he sees in real life. Sometimes we succeed, sometimes we do not, but it is fascinating nevertheless, and never grows tiresome.

## MASCULINE CLEOPATRA

FEATURE AT MAJESTIC

Harry Le Clair has come to be known as the Bernhardt of vaudeville, and so far as being a premier exponent of the art of masquerading as a woman, he is entitled to the sobriquet. But there the comparison ends for Harry is about as corpulent as the divine Sarah is willowy, in fact, he is fat.

Now it seems to be the consensus of opinion, based on known historical facts, that one Cleopatra, who created quite a furore with a new barehired skirt down on the Nile a couple of thousand or so years ago, was a rather petite sort of a person, and consequently one would expect an impersonator of the famous Cleo to follow her lines.

Not so Harry Le Clair, and that is just what gives the proper touch of indifference to his takeoff of the Egyptian charmer. Really it is one of the most absurdly funny things seen at the Majestic in a long time, everything the phony Cleo gets off having a good point to it, and his burlesque acting being consistently ridiculous.

Le Clair is not exclusively a comedian, however, for a strong feature of his act is the closing number, a dramatic recitation, "The Stage of Life," which is good.

Three other high-class acts, an exceptionally fine comedy motion picture play and the concert orchestra program make up a program at the Majestic this week that is highly praised by all fortunate enough to have seen it. A better, stronger billing of high-class vaudeville was never brought to this city. Performances at 2:30, 7:30 and 9:10 p. m. Admission only 10, 20 and 30 cents.

**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children--Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea. The Mother's Friend.

## The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of ingredients composing it is printed there in plain English. More than forty years of experience has proven its superior worth as a blood-purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can, which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone root and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine.

Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coc, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

"The 'Golden Medical Discovery' makes rich, pure blood, so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open, running sores or ulcers are cured and healed."

In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Though he offers the substitute for a less price you can't afford to experiment with your health. So where they give you what you ask for without argument.

Dr. Pierce's Pleasant Pellets regulate and invigorate the system. They are easy to take as candy.

## NEW YORK MARKET

NEW YORK, July 17.—The controlling factors in the stock market were not changed materially today and trading remained dormant with few modifications of importance to price levels. Transactions for the day were not far from the low point of the year, falling to 141,000 shares. Canadian Pacific once more came to the fore, advancing 1/4 to 24 1/2, the highest price at which this stock ever sold. The advance strengthened Minneapolis, St. Paul, and Sault Ste. Marie, a subsidiary, which moved up a point. Southern Railway, continuing an inactive issue, led the market through the greater part of the session in point of activity and advanced to 107 1/2, the highest price of the year. There was a further recovery in Texas Oil on advice from Paris, telling of the improved condition of its chief projector. National Bank and Underwood Type writer advanced briskly on small transactions and American Tobacco preferred lost a point. Standard Oil, which sold at 54 1/2 little more than a week ago, for a time today was quoted at 54 1/2 on the curb. The rise in price of this stock is believed to reflect a growing belief that the reorganization of the company decreed by the supreme court will not impair materially its earning power.

The bond market was steady. Total sales, par value \$1,800,000. United States bonds were unchanged on call.

## BULLS PASS THROUGH CITY

Eighteen lean and toughened Mexican fighting bulls, attended by a dozen chattering Mexicans, passed through Colorado Springs Sunday afternoon en route to Salt Lake City, Utah, where they are to be used in an exhibition next month. The bulls were all of the long-horned variety, trained and toughened for weeks, for contest in the arena. They were brought here from near Mexico City over the Santa Fe by the Wells-Fargo Express company and were taken through the city immediately. The Mexican trainers, all unable to speak English, kept up the instruction of the animals by poking them with sticks and pronouns occasionally. Many interested people went to the railroad yards to see them.

## CLAIRVOYANT

PROF. GARLAND  
WORLD'S GREATEST  
CLAIRVOYANT  
Low Fee Low Fee This Week

Different from all others in personality and accomplishments. Not a clairvoyant from Chicago, but he came to this city to do his work. He has been successful in his work for many years. He tells everything full names, dates, secrets, and important information, exactly what you call for, marriage, love, health, home, investments, business, or anything you wish to know without your visiting a word.

DO YOU WISH TO KNOW?  
How can I succeed in business?  
How can I make my home happy?  
How can I conquer my enemies?  
How can I marry the one I choose?  
How can I marry well?  
How soon can I marry?  
How can I conquer my rival?  
How can I make my life a success?  
How can I get a better position?  
How can I remove bad influence?  
How can I control anyone?  
How can I make distant ones think of me?  
How can I settle my quarrel?  
How can I hold my husband's love?  
How can I hold my wife's love?  
Garland tells all—never asks a question.

### Keep Your Kitchen Cooler

You can do away with the kitchen fire for bread-baking purposes.

By buying your bread of D. W. Smith you get better bread than you can bake in your own kitchen. You save money and avoid the bother and uncertainty of home baking.

Our bakery is an enlarged home kitchen. Experience has been our shrewdest possible labor-saving device, but the home character of our bread has never been sacrificed.

Three ten-cent loaves or six five-cent loaves for a quarter.

Really home made bread better and cheaper than is made in your kitchen.

Hosiery samples—regular 50c at 29c pair at the bargain square

On the bargain square hundreds and hundreds of pairs of high-grade regular 50c hose—samples from one of the most reliable hosiery manufacturing firms in the world at pair, 29c

Every sale of these sample hose we have ever held has proven a wonderful success.

29c pair

Twice a year we are fortunate enough to get the road samples of the well-known "Onyx" brand of hosiery which sells always at 50c pair.

29c pair

These represent the best hosiery value on the market—the fastest eyes—the best workmanship and materials.

The present lot includes plenty of plain blacks, in addition to every made color or kind, in cotton, silk and lace silk.

## Yorker Softs Up Punish- ment to Surprise of Fans

ANGSIDE, SAN FRANCISCO, April 17.—Willis Ritchie, light champion, defended his title against William Murphy of New York in convincing manner. Murphy fought a course of aggressive battle but never dangerous and often was in danger himself. There was no discussion of the referee's decision at the end of the 20 rounds.

Murphy might have been allowed questionable rounds and perhaps two could have been given as even, but the remainder of Ritchie's by a wide margin in the sixth, tenth, the fifteenth and the twentieth rounds. Murphy was dazed and staggered and fell in the last round, and landed against the ropes, and landed against the ropes, and landed against the ropes.

Murphy was in perfect condition, he scarcely landed a clean, single blow. Whenever he showed a sign of weakness, he was met with a shower of uppercuts and body blows, greater part of the body blows, which he ducked and those that landed time troubled him. In revenge as always able, in any rally, to three or four damaging smashes today and in the sixteenth he over a right cross which sent him staggering on his heels into the corner. But the challenger's head and long experience stood in good stead. He rushed into the ring and was able to protect himself from the attack of his opponent.

Under weather conditions make it impossible to play, the local season will be opened this afternoon at 3 o'clock at Washburn field, when Cutler academy plays the Centennial high school team from Pueblo.

Although fans had a slight taste of baseball during the Tigers' spring vacation games, the weather since then has made playing almost impossible two days in succession. The Cutler team has been hard at work, and has said little, and has a number of surprises to spring today for the benefit of their old rivals, the Centennial team of Pueblo. Lewis, who will do the pitching for Cutler, is in good shape, and Coach Falk expects him to stand up under his first big game in good shape.

There are a number of new faces on the Cutler team, and it has been hitting the ball with a vengeance so far this season. The Centennial team is composed largely of new men and nothing is known of their prowess. For the last three years the Centennials have not been as hard to beat as Central.

ST. LOUIS, April 17.—John S. McNulty, former Federal league umpire, testifying in his \$35,000 suit against John J. O'Connor, manager of the St. Louis Cardinals last season, and stockholders of last season's St. Louis club, told the circuit court here today of the injury he sustained when O'Connor struck him before the game on June 1, 1913.

McNulty testified that O'Connor's blow injured his eye. Along the

## TERROR-CENTRAL GAME AT PUEBLO POSTPONED AGAIN

Locals Make Trip but Come Right  
Back; Doubleheader Scheduled for  
Next Friday and Saturday

The Terrors are having a hard time to get started this season and, after making the trip to Pueblo yesterday noon, found that the Central management did not want to stage the game owing to inclement weather, and the ball players picked up their suitcases and returned home. According to the Terrors, the skies had cleared when they arrived in Pueblo, but the Central players did not want to play, and there was nothing else to do but to come back.

According to plans outlined yesterday, the two teams will meet here in a double-header contest next Friday and Saturday.

NOME, Alaska, April 17.—The Allan-Darling team of 13 malamutes, owned by A. A. "Scotty" Allan of Nome and Mrs. C. E. Darling of Berkeley, Cal., and driven by Allan, finished second in the 413-mile All-Alaska sweepstakes dog team race when they nearly dragged themselves into Nome at 4 o'clock this morning, 10 hours behind John Johnson's team of Siberian wolves, which won the race in 31 hours and 3 minutes. Fred Ayer, driving a team of 14 fox hounds, will finish 3rd place. At noon he was making slow headway 18 miles out from Nome.

### A. U. Fitcher Signed With Cleveland Team

LAWRENCE, Kan., April 17.—It was announced here today that Lloyd Bishop, the star pitcher on the University of Kansas baseball team, had signed a contract to play with the Cleveland American league team for the coming season. The Cleveland club has been negotiating with Bishop since last spring, when George Huff, the veteran Cleveland scout, saw the big Jayhawker athlete. Bishop weighs 175 pounds and is a right-hander. He was the mainstay of the Kansas team on the mound last season. Bishop's contract requires him to report to the team June 24 at St. Louis, and provides that he will be carried by the Cleveland club all season, thus preventing him being loaned out to some minor league team. In addition to playing on the varsity baseball team, Bishop was a member of the Jayhawker football team last season. He is a senior in the school of law and lives at Conway Springs, Kan.

### Special to The Gazette.

FORT COLLINS, April 17.—With a few scattered spectators shivering in overcoats and the wind blowing clouds of dust into the pitcher's eyes, the Tigers and the Aggies opened the conference season here today, the Colorado college team winning by the score of 9 to 5. The Tigers played superior ball in all departments, and until the sixth inning the Aggies were unable to get past first base. Jack-weakened in the sixth and seventh and the Aggies sent five runs over but after these two troubles the sessions of the Farmers. He struck out nine men.

Tucker, the first Aggie pitcher, was pounced out on the 10th of the sixth inning and was succeeded by Green, who held down the hits 5-0 put a stop to the run-getting. The raw wind numbed the players' hands and five errors were chalked up against the Aggies, all of them costly.

Although there were no extra base hits, the Tigers found Tucker easily and hit the ball hard, the wind preventing long smacks.

### MOST PRACTICAL EFFICIENCY TEST IN THE HISTORY OF AUTOMOBILING

On May 1 every Franklin dealer in the United States and Canada will disconnect the regular gasoline tank on his Six-Thirty Franklin touring car, put on a one gallon can and under the supervision of automobile club officers and press representatives will go out and see how far he can go on a gallon of gasoline.

This will be the first national economy test ever held. Think of it! From 150 to 200 cars rolling up economy figures in all parts of the country at the same time under every kind of road and weather conditions.

Watch for the results of this practical nation-wide efficiency test.

In the meantime, if you have not investigated the most economical of all cars, do it now. Investigate the Franklin Six-Thirty and get motorwise. "A ride will convince you."

## 205 Philadelphia Pastors See "Rilly" Sunday Convert 600 in 12 Minutes

First Tuesday, April 14, the Philadelphia North American sent 200 Philadelphia ministers to Scranton, Pa., at its own expense, to attend that they might hear "Rilly" Sunday, the great evangelist, preach there. The following account of this wonderful meeting, at which Sunday made 600 converts in less than a quarter of an hour, was written for the North American by its religious correspondent, William T. Ellis.

William T. Ellis in the Philadelphia North American, Pa., April 14.

Everybody participating expected great things of the visit to the Sunday evangelist meetings in Scranton today of the more than 200 Philadelphia ministers.

Even the most sanguine never anticipated such a mountainous work of evangelism as has crowned this day. The pastors began the day with enthusiasm. Tonight, with glowing faces, they are telling one another that, like Paul, they have been seeing visions scarcely lawful to utter.

Not often is it given to a minister of the gospel to hear such a sermon as that of Sunday night. The "Unconquerable Sin." Then, while evangelists to the left and right, into the midst of the throng, were called to the front, and the scene was a picture of personal workers.

The evangelist first shook a hand to the right and then to the left. I held a watch on him for one minute; he was receiving converts at the rate of 10 to the minute, almost one a second.

From the moment the invitation was first given, until Doctor Pohlman of Temple Lutheran church, Philadelphia, was called on to make the closing prayer, was exactly 12 minutes. In that time almost 600 converts had been welcomed to the trail.

It was Sunday's banner night in Scranton. To describe the scene is impossible. Two hundred Philadelphia preachers will attempt to win next Sunday, and many times hereafter. They can only give a powerful but inadequate impression of having seen old men and women—one venerable man and wife of stalwart flag-bearing youth; of delicately nurtured women and men of affairs, the staid district attorney among the shawl-covered Maytag women, and of husky miners, throng-

A LONDON WARD MALLISTER

William Gillette's Card Index Saves Social Season's Events

From the New York Star

LONDON—William Gillette, whose reputation is best appreciated by Americans when he is called the Ward Master of London, undertakes the laborious task of saving for his guests the time and trouble of making a list of the names of the guests who have saved the situation at numerous balls by compiling a list of 150 socially available young men and with the program of the evening which includes the names of the young men, although he has passed 60, he has adopted American business methods and made a card index of his many for use during the coming season. His prospectus is interesting and his list is a very hard season, because, according to his prophecy, the coming summer will be the most brilliant season in his memory. The greatest preparations are being made by the greatest hostesses as well as the minor ones to entertain on an unprecedented lavish scale. The economical streak manifested in recent years has passed away and the purse strings are being loosened up.

A hostess says she will want a London Ward Master for a party. Mr. Gillette asks for particulars, whether the men she wants are to be exclusively for dancing or to add social tone to the affair or if they must be army and navy men and other such details. Then he turns to his card index and furnishes the hundred men required, according to what the hostess desires.

He anticipates that it is to be a very hard season, because, according to his prophecy, the coming summer will be the most brilliant season in his memory. The greatest preparations are being made by the greatest hostesses as well as the minor ones to entertain on an unprecedented lavish scale. The economical streak manifested in recent years has passed away and the purse strings are being loosened up.
